BUILD A UNIQUE & POWERFUL SELF SERVICE PAYMENT SOLUTION WITH

Payment Kiosks
Software
Total Care Platform
Services

A reliable solution, battle tested and ready to run
SOLUTION HIGHLIGHTS

➔ **Payment Kiosks** - Built with state of the art peripherals, as well as high security & anti-vandalism standards, our kiosks are designed to attract users and offer a unique customer experience.

➔ **PayApp** - A powerful Application, offering a bundle of payment transactions and ensuring seamless operation of a Payment Kiosk. It interacts with the end-user through a smart interface, it takes advantage of the various available identification and payment methods, while supporting all the necessary back office operations using Online, Offline and “Store & Forward” communication scenarios.

➔ **Total Care** - The ultimate software platform for remote monitoring & management of your installed Self Service terminals.

➔ **Customization & integration services** - We’ll make sure to fine-tune, integrate and finalize the solution, based on your existing infrastructure.
